

Assignment #1: Response #7: Male-Female differences in Liking

测验, 4 个问题

1
point

1.

What movie has the greatest difference in the liking percentage -- in other words the greatest difference between the percentage of women rating the movie ≥ 4 and the percentage of men rating the movie ≥ 4 . This is not likely to be a big surprise!

2396

1
point

2. And what is that difference in percentages?

0.750000

1
point

3.

What about the other way. Which movie has the greatest male-female percentage liking gap?

1198

1
point

Assignment #1: Response #7: Male-Female differences in Liking

测验, 4 个问题

4. Finally, looking across all ratings, what is the difference in percentage of ratings ≥ 4 for women vs. men. Be sure to look across all ratings, not an average of averages!
